

Online, Computer Based & Correspondence Training For Operator Certification Renewal Hours

Online, correspondence and computer based courses using CD-ROMs are available from many providers. The following is a list of providers that have courses approved by the Missouri Department of Natural Resources for renewal training hours for drinking water treatment, distribution, wastewater and concentrated animal feeding operations certificates. Although the department is providing this informational list, the department cannot endorse any one training provider. Costs vary by provider. Confirm with the training provider that the course is approved for hours by the Missouri Department of Natural Resources.
